ment Activities

for a two-year investigation of Photointerpreter Performance and
Techniques, a CFFP contract for [] That contract is now nearing
satisfactory completion.

2. In an undated letter from the contractor, received in April 1966,

the testing programs. The programs were being run by the contractor,
utilizing operational personnel from NPIC as test subjects. These

and not the fault of the contractor. PADS recommends that payment
of this overrun be made. Concurrence for this action has been obtained
verbally through conversations between [] PADS, and
[] TID on 10 May 1966.

3. In accordance with the authority delegated in paragraph 3,

Financial Analysis Branch has affirmed that sufficient FY-1964 funds
are available to make this payment.
